

Ref. No: IMPACT/NOTICE/539/2020

Date: June 25, 2020

**Notice**

Dear DRCC Students,

Details of Students for academic session 2017-18, 2018-19 and 2019-20, pursuing three years regular undergraduate course at IMPACT College through DRCC scheme have been uploaded to College website.

Please bear in mind that DRCC scheme comes under Bihar government to provide financial help to needy students for their education. When it comes to issuing the amount under DRCC Student Credit Card scheme, delayed payment cannot be ruled out owing to much needed official formalities. College gets affected if fee is not deposited on time.

Last date of payment came to an end on April 10, 2020, therefore, you are required to deposit all kinds of payment with late fine as soon as possible lest you pay additional late fine.

According to declaration you made at the time of admission, you will continue paying the semester fee and all kinds of dues within prescribed time even if you receive late payment from DRCC scheme.

Under such condition, you are required to deposit semester fee within said time on your own to avoid paying late fine. The same amount will be transferred to your account after DRCC makes payment as your semester fee as other Colleges do. For this, you only need to show the relevant documents with regard to DRCC payment to College as the veracity of claim and proof.

Your punctuality and sincerity pertaining to semester payment help College execute all official activities smoothly.
