Notice

With heavy heart this is to say that classes of 1st semester BBA stream for academic session 2020-23 have been suspended till further order.

College management took decision after complaint made by teachers against student's extremely offensive behaviour during the online classes.

Management is reluctant to suspend the classes, but has to take unpleasant decision as student's attitude was so pathetic and unacceptable which would go against the academic environment and culture of any educational institution.

Strict disciplinary action will be taken against wrongdoer to act as deterrent.
